- PostgreSQL
- Python

SOFT SKILLS

- Strategic planning
- Problem solving
- Analytical and creative thinking
- Attention to detail
- Quick learner
- Highly organized and self-directed
- Time management

LANGUAGES

- Croatian (native)
- English (fluent)

PROFILE

After years of working and studying software engineering, where both my bachelor's and master's thesis were of creative visual theme, I realized I wanted to get back to my creative passions. My technical background has developed my attention to detail, sharp focus and ability to learn new software systems quickly.

WORK EXPERIENCE

Nanobit **05.2026. - present**

Video Editor

- editing episodes for Shorts drama series
